

CNA Sample Job Description

Position Title: Staff Certified Nursing Assistant

Summary: [Company Name] is seeking a certified nursing assistant to provide our residents with daily care related to bathing, grooming, medication, and other ongoing needs under the supervision of senior nursing staff. Our ideal candidate has completed CNA training and combines tact and good communication skills with a commitment to providing quality resident care. We are a family-owned company with a nationally recognized reputation for cutting edge technology and respected staff. We offer competitive pay, flexible scheduling, and opportunities for growth.

Duties:

- Assisting with resident food service during and between meals and feeding and positioning patients as needed
- Providing basic nursing care as required, from checking vital signs to administering dressings, treatments, and taking tests.
- Maintaining and adding to records of resident health and care and documenting actions via form, reports, records, and logs
- Report observations to nursing supervisor and assist nursing staff with any other duties related to resident care as needed.
- Keep resident patient information confidential, follow all policies and procedures, and adhere to federal, state, local requirements and professional standards.
- Maintaining licensure and taking ownership of professional development through educational opportunities.

Requirements:

- High school diploma or GED
- Completion of state-approved CNA training
- Successful completion of the New York State Competency Examination for the Nursing Home Nurse Aide
- Strong communicator
- Ability to stand/kneel/lift up to 25lbs

Preferred Skills: Experience working with elderly residents, Spanish fluency highly preferred.

Salary and Benefits: \$38k-48k, 401k, health, life, vision, and dental insurance, 2 weeks PTO, flexible schedule, overtime pay, and tuition reimbursement.
